

LUCAS - Captured In The Dark

Music by TJ Gyger/Marco Pfeuti/Michael & Christian Lucas/Zlatko Percia

Lyrics by TJ Gyger/Marco Pfeuti/Michael & Christian Lucas/Pirmin Marti

1. Strophe

Open my eyes, close `em again
I realize, it's the same old pain
Darkness around me, feel my disease
In a prison of fears, empty of all my tears

Bridge

All these years
And I know

Refrain

Captured in the dark, I'm losing control
It's taking over my body and soul
Captured in the dark, is there no way out?
Surrounded by pain, wanna live again, god please

2. Strophe

Wasting away, it's been so long
The dark side in me, will it ever be gone?
Where do I go, who will I be
The faces I see, they are killing me

Bridge

Only hurt inside
And I know

C-Part

Is there anything at all, that could stop this endless fall
Do you know, do you know, why I have to suffer
In pain, I cannot sleep, thought I paid my deeds
And I know, I will be... captured in the dark...
