

# LUCAS - New Reality

## **1. Strophe**

I awake from my hibernation  
How long have I been asleep  
There are too many things that I've missed

I felt indifferent to everything  
Felt like a house of cards one blow from caving in  
In fact I was blind but now I see

## **Bridge**

And I feel I could fly  
I am determined to make it right  
And I feel so high, yeah

## **Refrain**

Now I'm straight on my way  
I could breakaway  
Leave no stone-untuned leave my fears behind  
It's not too late to build a new reality

Now I'm straight on my way  
I could breakaway  
I know I'll never be the same  
It's not too late to build a new reality

## **2. Strophe**

I have to use my imagination  
I want to learn and create  
My time has come I won't be late
