---

Music by TJ Gyger/Marco Pfeuti/Michael & Christian Lucas

Lyrics by TJ Gyger/Marco Pfeuti/Michael & Christian Lucas/Pirmin Marti

## **1. Strophe**

Let's talk about the things you do  
You can't force the love  
Don't be a fool  
I am confused because of you  
Don't you understand  
That you hurt me too

## **Bridge**

You say we will stay together  
But you don't see the truth at all  
You say you'll love me forever  
But I don't want none of it at all

## **Refrain**

There's no chance for love  
No chance for us  
That's just your illusion  
And you can't get enough  
There's no chance for love  
It's a reason to cry  
Can't you see the difference  
Between you and I  
There is no chance for love

## **2. Strophe**

Open you eyes, see how you make me feel  
I can hardly breathe  
'cause you're always near  
How can I explain, don't bother me  
Find another lover  
Girl let me be

## **Bridge 2**

You say let's stay together  
But I don't wanna be with you

## **C-Part**

Don't be a fool, believe it's true  
There's no chance for love
